John Maxwell writes:

“If you want to leave a legacy, invest in people.... The legacy of successful leaders lives on through the people they touch along the way.”

NextLEVEL Leadership has touched the lives of over 3,000 women around the world and through them an ever increasing circle of organizations, churches and families.

The legacy of NextLEVEL Leadership can be seen in the number of creative ministries that have been initiated, the many office environments that have been changed, the many businesses that have a new kingdom focus, and the many women who have quietly embraced their identity as leaders.

## LEADERSHIP FROM THE INSIDE OUT

NextLEVEL Leadership exists to equip women to find their voice and transform nations.

Most women do not see themselves as leaders, in spite of the fact that they have incredible influence.

At NextLEVEL Leadership we encourage them to discover their sphere of influence and understand the truth that no one needs to hold a position of leadership in order to be a leader.

True LEADERS are the ones people choose to follow when they don't have to!!

As women are discovering and developing their leadership gifts, they are gradually reshaping the world they live in.

Thank you for your investment in Kingdom Building.

## NextLEVEL Leadership Annual Ministry Report for 2014

Dear Ministry Partners,

### **Women are changing the leadership culture of our country!!**

Research shows that women are leaving traditional places of work in increasing numbers to create their own organizations where they can embrace a collaborative and transformational model of leadership.

NextLEVEL Leadership began as a response to this trend. In the past two years, we have seen a sudden increase (191%) in the number of women in Canada taking time out of their busy schedules to become more effective influencers in their world through our modules. However, numbers alone don't tell the whole story. The real story is about what happens in women's lives and the radiating circles of impact as they find the courage to step into leadership.

These women are making a difference in remarkable ways: initiating new ministries, having a confident voice in decision making opportunities and changing the culture within their sphere of influence whether that is home, church or workplace. **See exciting stories on our website/testimonials.**

Our country needs the voice of Christian women added to that of men in order to bring about the changes that will benefit us all.

We are so grateful for your investment of time and money.

Your financial support makes it possible for NextLEVEL Leadership to continue to offer high quality leadership development at affordable prices.

Your prayer support enables us to do more than we could ever hope to do on our own. Without the work of the Holy Spirit, we can do nothing that is of eternal value.

**Please tear off the bookmark on the right as a handy reminder to pray.**

Your partnership with us is so appreciated,

At NextLEVEL Leadership, our intention is to create an environment in which Christian women can discover their unique voice in order to influence their world for God.

Our International Affiliates thank you for your prayer and financial support as NextLEVEL Leadership reaches out and equips more than 1,500 international participants to lead more effectively as these women make a significant impact in their local communities. Blessings from Germany, Paraguay, Ghana and Australia.
